Hi Chris,

Your below proposal is as we discussed on the phone. And as discussed on the phone I don't think that this request needs approval since the abatement date for the NOV is set for October 31. However, we will be looking for your proposal this Friday.

Hi Susan,

I am writing as a follow up to our conversation earlier requesting an extension of the timeline to submit our proposal. In our September 11 letter we indicated we would submit our proposal by October 10. We are working to finalize our proposal but would like to extend our timeline for submission until close of business Friday October 12. Based on our conversation I understand you approve this request. Would you reply to this e-mail confirming my understanding please?

Thank you Susan,

Chris Kaiser
